Advance-Nilfisk Parts - Think about how long and tiresome it would really be to clean-up after a party, with out assistance from equipment. Previously, the dust from carpets and upholstery had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his business in 1906, he started to make motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's vision from the start was to own an international company selling merchandise globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one individual. This invention came in a time where various cleaning equipment were huge and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an ongoing dilemma; stuff get dirty and have to be cleaned on a regular basis, without too much effort.

Gradually, the business Nilfisk-Advance grew throughout the years. During the early nineteen eighties the company developed more rapidly when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, trying to be an active worldwide player in manufacturing professional cleaning equipment. Nilfisk-Advance is now located in every part of the world due to gradually obtaining a lot of small companies to be able to expand their product portfolio and presence in new markets. They are proud to offer various cleaning solutions to suit each need.
