

Forklift Spreader Bar

Forklift Spreader Bars - Proudly operating ever since the year 1974, ELME Spreader AB is the largest independent spreader business around the world. They have been a dedicated manufacturer of spreaders meant for numerous applications like the handling of containers, swap bodies and trailers.

Engineering is done in house by utilizing the most up-to-date FEM tools and CAD systems. The ELME company now has over one hundred twenty five employees. Their spreaders are supplied to reach lift trucks, gantry, quayside, ship-to-shore cranes, stackers and straddle carriers all-over the globe.

The product series of ELME comprise lots of spreaders utilized for several trailer and container handling operations. A few of their inventory comprise: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders in addition to a huge range of attachments.

ELME production and manufacturing is done in a highly automated purpose built factory. In 2008, they made over 1150 spreaders by way of utilizing top quality parts to ensure reliability and excellent standards while offering competitive prices. Major features of ELME include design simplicity, market response and inventive modular spreader concept.
