

## Komatsu Forklift Part

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., an affiliate of the Komatsu Ltd. family, has an encouraging reputation for building rugged and reliable forklifts. They are renowned worldwide as a corporation who has a proud heritage and who maintains a standard of quality in equipment manufacturing and design.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains faithful to their pledge of helping to build a better tomorrow. The company heritage dates back to 1921, when Komatsu, Ltd began in Japan as a manufacturer of mining and construction equipment. Very quickly the company grew into an industry leader and was responsible for constructing Japan's first modern bull dozer and farm tractor.

Komatsu has matured into a global giant over the last few decades thanks to their competence and strength in the field of logistics, mining, excavating and construction. Using modern designs and technological superiority, they continue to be at the forefront of these industries.

Since 1945, Komatsu Forklift Co. Ltd has matured tremendously. Using current design techniques and superior production functionality, Komatsu has distinguished themselves through the fabrication of reliable and durable forklifts that consumers from around the planet have come to rely on. In 1976, Komatsu Forklift U.S.A., Inc was established to meet the growing need for its goods in the North American market. To better expenditures and efficiencies, a contemporary facility was developed in Covington, Georgia in 1990, to consolidate all U.S. Komatsu Forklift product support and manufacturing operations.

Komatsu Forklift U.S.A. continues to satisfy the needs and demands of their consumers worldwide while remaining a principal producer and dealer of innovative forklifts and lift truck accessories. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's satisfied customers along with their North American consumers.

Following years of delivering consumer service and maintaining bonds, Komatsu Forklift understands that meeting the customers' needs is paramount. All new product improvement at Komatsu starts first with the customer. By welcoming input and opinions, they are able to ascertain customer wants and expectations then cultivate innovative models and then manufacture to exceed Komatsu Engineering Principles. Assuring consumers that quality is designed from the start and sustained throughout the production, service and product sales processes, allows Komatsu to end up with a first-class product from start to finish.

Komatsu engineers are specialized professionals in crafting forklifts, construction equipment and heavy duty equipment. Their design skill and expertise assures that each new piece of equipment will endure in the toughest environments and have the ability to survive the roughest applications. Adherence to strict engineering principles allows Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and stringent internal quality standards all contribute to high-class lift truck products. Komatsu Engineering Standards transform the modern and innovative expertise used in advanced mining and construction equipment into world class equipment.

The ultra-modern facility in Covington, Georgia has all the necessary requirements for full scale manufacturing. This plant is able to take raw steel and manipulate it by preparing, welding, and fashioning it. When assembled and painted the forklifts are ready to leave the facility and enter the market. Maintaining quality control through the length of the manufacturing process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes given that a product is only as valuable as the individuals who sell and support it, their sellers make all the difference. Komatsu Forklift is proud of their dedicated supplier networks who strive to exceed expectations. Specialized in all elements from product sales, service or operating education, or aftermarket support, their diverse association of experienced and capable experts are available.
